

CUNNINGHAM HILL JUNIOR SCHOOL SPORTS PREMIUM PLAN

The picture of sport in our school prior to Sports Premium:	Sport has always played a large part in the life of Cunningham Hill School, both within and outside the curriculum. The school is able to deliver a full PE curriculum taught by a willing and enthusiastic staff. However, there are areas of the curriculum where staff confidence and expertise are not quite so strong. Staff are always willing to give up their time to run a variety of different clubs. Many of these have been sports based but, whilst all children had to participate in some sort of club, there has not been a whole school drive to get all children involved in a sports activity and increase their levels of fitness and wider sporting proficiency.
Our vision for sport in our school.	All children will experience an exciting, enjoyable, diverse and challenging PE curriculum supplemented by a wide range of extra-curricular activities and clubs. Children will be made aware of the importance of fitness and encouraged to adopt healthy lifestyles and participate in sport, whatever their ability. Those who are talented will be channelled to develop their talents, those who may be reluctant to participate or have special needs of any kind will be encouraged to participate in activities that they will enjoy and hopefully benefit from for the rest of their lives..
