

CUNNINGHAM HILL JUNIOR SCHOOL SPORTS PREMIUM PLAN 2014-15

The picture of sport in our school after a year of Sports Premium:	Sport has always played a large part in the life of Cunningham Hill School, both within and outside the curriculum. In 2013-14 the school delivered a full PE curriculum enhanced by the use of professional coaches. Staff gave up their time to run a variety of different sports based clubs and, together with coaches from outside sporting associations this enabled nearly all our children, whatever their need or ability, to participate in an active club each term. Inter and intra sport for all increased as did the participation of our older children in helping to deliver clubs for the younger pupils. The school is now excellently resourced with PE equipment for every area of the curriculum. At the end of the school year we achieved the Bronze School Games Award, which reflected the success of many of the objectives in our previous Sports Premium Plan.
Our vision for sport in our school for this academic year.	All children will continue to experience an exciting, enjoyable, diverse and challenging PE curriculum supplemented by a wide range of extra-curricular activities and clubs. Those who are talented will continue to be channelled to develop their talents, those who may be reluctant to participate or have special needs of any kind will be encouraged to participate in activities that they will enjoy and hopefully benefit from for the rest of their lives. The PE curriculum will be further improved by establishing a structured programme of progression throughout the school in every unit of work. Assessment will be more uniform and rigorous and our staff will receive support with planning, teaching and assessment from an experienced Key Stage 2 teacher and a sports coach.
