

**Class 3 - Bread Day – Friday 14<sup>th</sup> February**

Dear Parents/Carers,

As part of our Enabling Enterprise initiative and Design and Technology curriculum this term, children have been learning about bread-making. This started with our visit to Morrisons Bakery, where the children were able to observe some professionals in action. Following this, they have had the opportunity to taste and discuss the properties of a variety of bread products originating in different cultures.

This week and next, the children will be working in groups to form a mini baking company. They will work together to design and a range of breads. This project will come to fruition on Friday 14<sup>th</sup> February, when they will work together to make and present their designs in a 'Bake-Off' style event. We want to give the children an opportunity to present their creations to an appreciative audience and for that reason, we would like to invite you into school on that afternoon from 2.45pm until 3.45pm. You will also have the opportunity to taste the children's breads and judge the results for yourself.

We appreciate that some children have out-of-school activities directly after school and for this reason, we won't make this a compulsory event. However, we think the children would enjoy this opportunity and we would like to encourage as many as possible to stay. Please complete the tear-off slip below to enable us to plan effectively.

Best Wishes

Mr Miller
