

The school cookbook

Dear Parents and Carers

Let's liven up the next few weeks at home!

As a new, exciting way to raise school funds, we are creating our very own school cookbook. To help us along with this project we want **every family** to contribute their favourite tasty recipe. It could be a starter, a quick bite, a main course or a dessert.

For those of you with internet access you can log onto a specially designed site and send us your recipe online. Just follow the onscreen instructions – it's really quick and simple to use.

www.thecookbookinitiative.com/log-in

Please use the following access code: **I06759197c**
(note: lower case L and zero, not 1 and O)

If you do not have internet connection at home you can still contribute by completing the recipe sheet enclosed with this letter (write on the back of this letter if you need more space) When we are back at school you can drop this recipe sheet at the school office.

The deadline for recipes is **30th April 2020** Once we have everyone's recipe we will be sending them off to be printed. An example of the finished cookbook is shown above. The books will be sold for £8.50 each with all profits going to the school. Once we are all back at school again, you will be able to order and pay for your book.

We look forward to receiving your recipes and thanks again for your support. The book will raise important money for the school.

Yours faithfully,
The PTA Team. Contact: chjsptacookbook@outlook.com

Please contribute a recipe for our very own school cookbook!
